I am a passionate and detail-oriented computer science graduate with a background in web development, UI/UX design, and project management. I work well in teams, adapt quickly to new environments, and enjoy solving problems to create effective solutions. I am eager to apply my computer science knowledge in an organization where I can contribute effectively, learn continuously, and grow efficiently while helping the organization to succeed.

WORK EXPERIENCE

- Project Manager and UI Designer
Green Grass Food Services (Tetuan, Zamboanga City)
August 2025 – January 2026
 - Managed project timelines, coordinated with clients and team members, and ensured tasks were completed efficiently and on schedule.
 - Designed user-friendly and responsive interfaces while improving the overall user experience of web applications and systems.
- Data Encoder
